Note 1 – Reporting Entity

The Village of Attica (The Village) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village operates under a council/mayor form of government. Elected Officials include six council members, a Fiscal Officer and a Mayor. The Village provides general government services, including maintenance of Village streets. The Attica-Venice-Reed Fire District provides fire protection and the Attica-Venice-Reed EMS services (and each are their own separate entity, not governed by the Village of Attica).

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14 is the “primary government: A fundamental characteristic of a primary government is that it is fiscally independent entity. In evaluating how to define the financial reporting entity, management as considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. This criteria was considered in determining the reporting entity. The Village has no component units.

The Village’s management believes these financial statements present all activities for which the Village is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Village’s financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all general, special revenue and enterprise funds.

Fund Accounting

The Village uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with self-balancing set of accounts. The funds of the Village are presented below.

Governmental Fund

The General fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Village for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Fund

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund – This fund receives gasoline tax monies from the State of Ohio for construction and repair of Village streets.

State Highway Fund – monies from gas tax revenue to fund Village State highways (US RTE. 224 and S.R. 4) for construction and repair of Village streets.

Parks and Recreations Fund – This fund received monies from two separate voted levy millage for the operations and maintenance of the Villages' parks.

Permissive Motor Vehicle License Tax – This fund receives State and Local monies from approved vehicle license fees and is used for street construction and repairs.

Police Levy Fund – This fund receives tax monies from two separate voted levy millage for police protection. And: Police Law Enforcement Training: for training of law enforcement employees of the Village of Attica.

Proprietary Funds

Enterprise Funds

These funds account for operations that are similar to private business enterprises, where management intends to recover the significant costs or providing certain goods or services through user charges. Thus, water and wastewater facilities within the Village for its residents and a water system usage for residents outside of limits, namely Caroline and Siam.

Water Operations Fund – this fund accounts for the provision of water treatment and distribution to the residents of Attica, Caroline and Siam and commercial users located within the Village.

Sewer Operations Fund – this fund accounts for the provision of sanitary sewer services to the residents and commercial users within the Village.

Water Capital Fund – this fund provides for water enterprise improvements.

Sewer Capital Fund – this fund provides for sanitary sewer enterprise improvements (just recently (2017) completion of a 3 lagoon wastewater facility and the re-payment of debt to the Ohio Public Works Commission for the construction of the lagoons from an OPWC loan. Grants were obtained in 2016 from CDBG and OPWC to aid in the construction costs.

Water Debt Service Fund – this fund pays the debt of the Village for the water treatment, supply, distribution system to the USDA/RD Agency from monies loan to the Village for construction. These loans will be retired in years 2047 and 2048.

Water Debt Service Reserve Fund – this fund (from service charges from residents/water consumers) is a set-aside fund to accumulate for a ten year period, monies needed to make the last years payments of the USDA/RD water system loan. Retires in years 2047 and 2048. Once accumulated after ten years, the monies revert back into the water operations fund. These monies can be used (with USDA/RD approval) for water enterprise improvements, if needed.

Enterprise Reserve Fund – surplus funds from water operations to pay for water enterprise improvements, when the Village feels it has ample surplus monies to do so.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis.

Receipts are recognized when received in cash rather than when earned and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at fund level of control as approved by the Village Council and appropriations may not exceed estimated resources. The Village Council must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Village to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and re-appropriated in the subsequent year. The Village did not use the encumbrance method of accounting.

A summary of 2017 budgetary activity appears in Note 3.

Deposits and Investments

The Village's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains at the time of sale as receipts. Interest on Certificates of Deposits and Checking Account earned is recognized and recorded when received. All investments are approved by Council.

Capital Assets

The Village records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

Fund Balance

Fund Balance is divided into five classifications based primarily on the extent to which the Village must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Non-spendable The Village classifies assets as non-spendable when legally or contractually required to maintain the amounts intact.

Restricted Fund balance is restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Council can commit amounts via formal action (resolution). The Village must adhere to these commitments unless the Council amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. Governmental funds other than the general fund report all fund balances as assigned unless they are restricted or committed. In the general fund, assigned amounts represent intended uses established by Village Council or a Village official delegated that authority by resolution, or by State Statute.

Unassigned Un-assigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Compliance

No material budgetary violations here.

Note 4 – Budgetary Activity

2017 Budgeted vs. Actual Receipts: for the year ending 12-31-2017

Fund Type	Budgeted	Actual	Variance

Total	1,193,528.	1,061,669.88	+ 131,858.12

Note 5 – Deposits and Investments

The Village maintains a deposit and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31, 2017 was as follows:

Certificates of Deposit: \$130,000.00

Other: checking account deposits \$

Total deposits and Investments: \$ 130,000.00

At December 31, 2017, the Village held \$ 1,171,508.36 in equity securities. Equity securities are not eligible investments for the village under Ohio law.

Deposits

Deposits are insured by the Federal Depository Insurance Corporation: (or) collateralized by securities specifically pledged by the financial institution to the Village.

Investments

The Village of Attica has only nine Certificates of Deposits as investments, as referenced in Note 5.

The Village receives transfers of utility payments from Sutton Bank on a daily basis into the Villages' checking account (as they are a collection point for the Villages' utility accounts. They are receipted into Village utility individual accounts receivable accounts, then posted at month ends to the Villages' UAN accounting system.

Note 6 – Taxes

Read property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as local property taxes receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The Second half payment is due the following June 20.

The Village also receives property taxes on MH EQ (Manufactured homes) through the County Auditor.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

Note 7 Inter-fund Balances None

Note 8 Risk Management

Commercial Insurance

The Village is exposed to various risks of loss related to torts, theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

During fiscal year 2017, the Village contracted with private carriers for property and fleet insurance for the following:

Blanket Building and Personal Property – Vehicles Boiler and Machinery
General Liability Public officials liability and employee benefits liability
(Public entities Pool of Ohio and Anthem Blue Cross, Blue Shield, respectively).

Settled claims have not exceeded the commercial coverage in any of the past three years.

Workers Compensation coverage is provided by the State of Ohio. The Village pays the State Workers' Compensation System a premium based on a rate per \$100 salaries. This rate is calculated based on accident history and administrative costs.

Note 9 - Defined Benefit Pension Plans

Ohio Public Employees Retirement System (OPERS). Regular full time (with the exception of Police Chief) and part-time employees and seasonal employees and Village Mayor belong to OPERS. OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10.00% of their gross salaries and the Village contributed an amount equaling 14.00% of participants' gross salaries. The Village has paid all contributions required through December 31, 2017.

OPERS – Local year 2012-2017 Member rate 10% Employer Rate 14%

Ohio Police and Fire Retirement System

The Village of Attica has one employee contributing to the OPF system in 2017. This is a full-time Police Chief for the Village. OP & F is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio revised Code also prescribes contribution rates. OP & F participants contributed 12.25% of their wages. The Village contributed to OP&F an amount equal to 19.5% of full-time police members' wages. The Village has paid all contributions required through December 31, 2017

OP&F fulltime Police July 1,2015 to December 31,2017 Member rate 12.25% Employer rate 19.5%

Social Security

The Village has several elected officials who contribute to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2% of their gross salaries. The Village contributed an amount equal to 6.2% of participants' gross salaries. The Village has paid all contributions required through December 31, 2017.

Note 10- Postemployment Benefits

Both OPERS and OP&F offer cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contributions fund these benefits, and OP&F contributes 0.5 percent to fund these benefits.

Note 11 Debt

Debt outstanding at December 31, 2017 was as follows:

Principal	Interest rate
-----------	---------------

Sutton Bank – loan	3.25%		
USDA/RD – loans	4.13%	4.25%	4.5%
OWDA – loan	2.00%		
OPWC – loans	0%		

The above debts are as follows:

Sutton Bank for a Village Hall/Police Department Offices building construction costs. Matures: 2034

USDA/Rd loans for a water supply, treatment, supply system. Matures: 2047 and 2048

OWDA loan for a water project. Matures: 2040

OPW loans for Water line, water treatment plant and wastewater lagoon system. Matures: 2026, 2030, 2048 respectively.

OPWC loan 0% 30 years for WW Lagoons – not yet finalized as of 12-31-17.

Amortization of the above debt, including interest, is scheduled as follows: see attached spreadsheet for Schedule of Outstanding Debt and Schedule of Debt Service.

Note 12 Construction and Contractual Commitments

The Village has completed construction of a three lagoon wastewater system in CY 2016, with final construction costs paid (by OPWC loan) in CY 2017 and was operational in 2016. The entire project consisted of grants from OPWC and CDBG for a total of \$1,000,000 and debt payable to OPWC for the remainder (less Village paid costs towards the project) over a 30 year period, interest free.

Contingent Liabilities

Management believes there is a potential lawsuit from a resident over the current flat-rate of sewer rate being charged to that residence. This began in year 2016, and has not progressed any further at this point that we are aware of. We believe that the resolution of this matter will not materially or adversely affect the Village's financial condition.

Note 14 - Joint Ventures

The Village is not under any joint venture.

Note 15 - Jointly Governed Organizations

The Village is not under any jointly governed organization

Note 16 - Public Entity Risk Pool

The Village does not participate in any Public Entity Risk Pool

Note 17 - Related Organizations

The Village does not participate in any related organizations.

Note 18 - Related Party Transactions

A Village Council member is the owner of a local car maintenance shop, for which the Village of Attica does an occasional business with for the fleet owned by the Village. Namely, police vehicles and utility trucks. This Council member is not authorizing payments on his own repair shop. He abstains from voting when directly related to his business. Past State and Independent Auditor Firms have not found issues with these transactions in the past, and we felt that it will not be an issue in the future.

Note 19 - Subsequent Events

Debt issuance for the wastewater lagoons constructed in 2016, finalized 2017 will be set for re-payment by OPWC when final figures are known.

Note 20 - AMP Revenue Coverage

Not applicable to the Village
